

## TECHNICAL BULLETIN

**Bulletin No:** 001/19

**Distribution:** Internal/External

**Date:** 10 Sept. 2019

### **New editions of Swedish ENC**s

Please be advised that Sweden HO will from mid-September and a few months forward start releasing their ENC's with new editions.

The reason for this is that they are introducing sea borders in their ENC's.

This means that there could be an increase of data size for end-users who has Swedish ENC's in their operational area/portfolio.

Best regards,

Monica Skadberg
